Profile

Motivated and detail-oriented Computer Science student at IIT Campus, eager to develop technical and problem-solving skills in a professional environment. Passionate about continuous learning, teamwork, and applying engineering principles to real-world challenges. Seeking opportunities to gain hands-on experience and contribute to innovative projects while building a strong foundation for a successful career in the tech industry.

Education

Westminster University
2024 - Present

BSc (Hons) Computer Science

BSc(Hons) Computer Science – IIT Campus, Sri Lanka
(Expected Graduation: 2028)

2019 - 2022
Isipathana College

Advanced Level

Successfully completed
GCE Advanced Level (2022 - Commerce Stream)
Accounting - A, Business Studies - A, Economics - A.

2009 - 2019
Isipathana College

Ordinary Level

Successfully completed
GCE Ordinary Level examination(2019)
5Bs 2Cs 2Ss

Projects

Vehicle Import Platform – ClearDrive.lk

Order & Payment Systems Lead (Backend)

Group Project | 2026

Developed order management and checkout functionality using React/Next.js, FastAPI, and PostgreSQL, including order processing, status tracking, and refund workflows. Integrated PayHere payments with secure handling and automated synchronization of payment outcomes. Conducted usability testing, improving task completion time by ~18%.

Traffic Management System

Python - Data Processing

Individual Project - 2024

Developed a Python-based application to analyze traffic survey data from CSV files. Implemented modular functions, input validation, and error handling to calculate key metrics such as peak traffic times, vehicle distributions, and speed violations, with results saved using file I/O.

SDG Awareness Website (ZeroHunger.lk)

Web Development

Group Project - 2024

Designed and developed a simple and informative website to promote awareness of the UN Sustainable Development Goals, with emphasis on Zero Hunger. Used HTML5, CSS3, and JavaScript to deliver a clean layout, accessible content, and a user-friendly browsing experience.

Skills

Technical Skills

- Programming Languages: Python, Java
- WebDevelopment: HTML, CSS, JavaScript, React, Next.js, Tailwind CSS
- Database Management: SQL, MySQL
- Tools & Methodologies: Git, Figma, Object-Oriented Programming (OOP),UML.

Soft Skills

- Leadership & Event Management: Proven ability to lead university event teams, manage delegate operations, coordinate complex logistics, and handle documentation.
- Teamwork & Communication: Strengthened collaboration through organizing committees, group coursework, and fully fluent communication in English and Sinhala.

Experience

2023-2025

British council - SL

Exam Invigilator at British Council Sri Lanka Ensured fair and secure examination environments by monitoring candidates and adhering to strict exam regulations
